6/28/69

Dear Mr. Roberts,

Wish I had time for longer answer to your letter of 6/21, forwarded from our previous address.

I do not thing the list of basic documents worth printing anwyere. It is largely meaningless, the descriptions not fitting the documents and, in some cases being contrary to what they contain.

Yhe Archives will send you the pages you want. If they do not, I will, but give them time and pay in advance. If you write me, please include stamped addressed envelope for I am terribly burdened. I am continuing my work and writing and have no time. However, I think you will find these pages of little value.

Marv Grey knows better but cannot, in any other way, maintain the foolish position he has taken. He is an irresponsible man.

Hurriedly,

Harold Weisberg
